

HOOFERS HEALTH CENTRE – VICTORIA SHOPPING CENTRE NOTTINGHAM

FULL STUDIO REFURBISHMENT CAUSED BY WATER DAMAGE

As main contractors we were appointed almost immediately to start on site. Due to damages caused by a severe water leak, minimal disruption was imperative in keeping construction works less disruptive to the other facilities and guests. Working out of hours, D L Rhodes Builders ensured that the proprietor's Health Centre was fully operational and kept to the time scale all as agreed.

• Demolition & Removal of;

- i. Suspended ceiling grid & tiles;
- ii. Full length mirrors;
- iii. Damaged timber flooring;
- iv. Sub floor
- v. Ceiling lighting
- vi. Fire Alarm system

- Dry Out Studio 2. using dehumidifiers
- Installation of 122m² of suspended ceiling

• Internal joinery

- i. Form new sub floor
- ii. 122m² Red wood flooring
- iii. Skirting to match existing
- iv. Internal door with vision panel
- v. Supply & fit mirrored wall to rear
- vi. studio wall

- Decoration Complete
- Electrical

Their involvement working with The Victoria Centre was of a very high standard and their assurance of working out of hours to get the job complete was exceptional. Overall it was a pleasure working with Nigel Rhodes and Paul Leivers who covered every possible aspect of the job with outstanding results. I would look forward to working with them and their team again and would certainly recommend D L Rhodes & Son Builders to anyone with such requirements."
