- Mechanical Works

PROPOSED NORTH ELEVATION

PROPOSED EAST ELEVATION

"I have no hesitation in recommending DL Rhodes & Son Ltd. Their professionalism and workmanship is among the best we have experienced. All the documentation and "red tape" was set up and adhered to with regular meetings to keep us informed. We had a very tight timescale for the building of an extension to house a new main entrance, foyer and office in keeping with our 1923 building, which they managed to keep to by working weekends and long hours to ensure the building was complete in time. The attention to detail outside means that the extension looks as though it has always been a part of the school, whilst inside is up to date and stylish. The workforce have been extremely helpful and nothing was too much trouble."

Mrs. F Parr – Office Manager
